HISTORY

1952

Mehmet Soycan and other seven partners purchased a truck as local entrepreneurs in Bolu.

1957

First personal enterprise was established.

1960

CAG Collective Company was officially established in order to carry on domestic petroleum trade.

1966

Soycanlar Collective Company was established in order to make regional dealership of automotive spare part, truck and tractor.

1970

CAG Colletive Company was transformed into CAG Transportation. By making daily 3000 tones petroleum transportation, it had become a local and strong company of region.

1983

CAG Transportation was sold and its capital was tranferred to Istanbul. It was one of the biggest employers of region until the day it was sold.

1984

After the sale of company, Soycan family started a new establishment in Istanbul with the aim of carrying on interntional transportation. CAG International Transportation was established by Mr. Mustafa Soycan who was the founding partner of company and his partners.

1998

With the death of Mr. Mustafa Soycan, his son Mr. Yilmaz Soycan was assigned to the management of company. Mr. Yilmaz Soycan undertook the 3rd generation management of family company when he was 22 years old.

2000

Mr. Yilmaz Soycan took over the shares of all partners of company and has become the controlling shareholder.

2015

Along with the management of 3rd generation, the work potential of company has increased with the experiences dating back to the family and innovations brought with the era. With its effective performance acquired along with the international partners, today it has become a giant company which carries on business in a wide geography from Austria to Kazakhstan.
